Manel Gutierrez : 150 Best New Kitchen Ideas before purchasing it in order to gage whether or not it would be worth my time, and all praised 150 Best New Kitchen Ideas:

1 of 1 people found the following review helpful. beautiful pictures, but not a lot of variety of ...By annhmm, beautiful pictures, but not a lot of variety of looks. I also, had hoped that a description of flooring, lighting, counters, and cabinets would have been included on some of the kitchens i was drawn to. The author did include wood type in some instances, but to be helpful to me, i would have liked to have seen stain color also. The photos and kitchens were gorgeous. But they were all extremely high end.0 of 1 people found the following review helpful. Four StarsBy Ileana GeorgeNice illustrations10 of 12 people found the following review helpful. Bleak, Empty, Soulless...By A. HartmanI ordered this book for our library knowing that people always like to browse new decorating and design books. I just looked through it as it is going through processing and to me, it is frustratingly lacking in any ideas other than stark, harsh, empty and bland. Page after page of "does anyone actually live here?" sterility quickly got monotonous. I realize that design books aren't going to include the endless clutter that occupies most homes, but some of these are ridiculous. I suppose it could inspire someone, but the spaces are unrealistically cavernous for most people to be able to use. I thought the title word "Ideas" would mean there was more than different permutations of just the one. Alas, I was wrong...

A comprehensive, full-color handbook, packed with hundreds of photographs that showcase the latest in beautiful, welcoming, and efficient kitchen design.150 Best New Kitchen Ideas offers an in-depth look at exemplary new kitchen
