Margaret Hanks : A Grower's Guide to Flowering Plants and Shrubs before purchasing it in order to gage whether or not it would be worth my time, and all praised A Grower's Guide to Flowering Plants and Shrubs:

1 of 1 people found the following review helpful. lots of flowersBy Shirley Jean SchrockThe book is great, explained a lot to me about a lot of plants that I was not aware of, book is just as described ! Good buy

Gloriously illustrated with full-color photographs, these brilliant guides are packed with indispensable advice for gardeners of every experience level. Each book includes a climate map, flowering/harvesting chart, and index. Explains how to choose, grow, prune, and take cuttings from more than 85 flowering plants and shrubs. Packed with advice on everything from color, design, planning, and planting to coping with pests and disease.
