**Eben E. Rexford : ABC of Gardening** before purchasing it in order to gage whether or not it would be worth my time, and all praised ABC of Gardening:

"The owner of a garden that is so small that but few plants can be grown in it naturally desires to confine her selection to such kinds as will be likely to give the greatest amount of bloom and require the least amount of care. At the head of

the list it is quite safe to place the sweet-pea. This old and universal favorite blooms profusely and throughout the entire season if prevented from ripening seed. It is beautiful, wonderfully varied as to coloring, and so fragrant that it is almost a rival of the rose in this respect. "
