**Cowles Creative Publishing : Advanced Home Plumbing (Black Decker Home Improvement Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Advanced Home Plumbing (Black Decker Home Improvement Library):

0 of 1 people found the following review helpful. great starting bookBy Jose Patinobook and content fulfilled my expectatons, this is what i needed, book was in excelent conditions, i am glad i found on , i recommend widely to other customers22 of 23 people found the following review helpful. Pretty but LimitedBy Louis JacobAlthough the book is filled with very nice and informative pictures, it is nevertheless quite limited. I needed to relocate a toilet in a renovation project. Advanced enough, right? Well this book was useless. There was no information on venting requirments. If you like learning-by-example, this book may be for you, but only if the examples match what you need

to do.
