Thomas O'Brien : Aero: Beginning to Now before purchasing it in order to gauge whether or not it would be worth my time, and all praised Aero: Beginning to Now:

0 of 0 people found the following review helpful. Beautifully presented history of Thomas O'Brien's beautiful and inspiring Soho shop! By Mister Mike Mr O'Brien is one of the most talented American interior designers working today. This book is a great read and is most inspiring. Very informative history of the beautiful New York, AERO shop. 0 of 0 people found the following review helpful. I was a little disappointed with this book By Sloan P. Winters I was a little disappointed with this book. Was hoping to see great pics of beautiful layouts and design ideas- not the case, it's more about the journey and process of opening up his store Aero. It's a nice story and there are some great artsy photo's but this book is not filled with images for those looking for design inspiration.... 4 of 4 people found the following review helpful. Not a fan By NYC442Boo, I was bored. There were many grainy pics not a lot of inspiring imagery. I liked his first book TONS better, not sure what happened here.

In the follow-up to the bestselling American Modern, Aero celebrates 20 years of the famed Aero design studio with an intimate look at its founder Thomas O'Brien's design philosophy. From O'Brien's vivid reminiscences about his early

days in art school in Manhattan to the opening and development of his paired studio and store, Aero covers the history and aesthetic of this Soho, New York, landmark. Aero is where Thomas OBrien formulated the warm modern look that first brought him to prominence, though his style is truly about finding modern and classic forms in many things: downtowns industrial and artistic loft culture, the luxurious elegance of the prewar city uptown, and the essential simplicity of American country antiques and rural living. Showcasing never-before-seen images of the store through the years, OBriens first homes, Soho lofts, and Aeros signature refurbished vintage furniture, this book gives readers access to the archives of a working design studio and store. Aero is a rare, rich portrait filled with unvarnished and charming honesty. Praise for Aero: If I ever win a mega-million lottery jackpot or inherit untold amounts of money from a long-lost relative, interior designer Thomas OBrien might be one of the first people I will call. The Kansas City Star

About the AuthorThomas OBrien is an interior and home furnishings designer based in Manhattan. He is the founder and president of Aero Studios, one of Americas most respected design firms, and the proprietor of Aero, the influential home boutique located in the studio in Soho. He lives in New York City and Long Island. Praise for Aero: Beginning to Now: Tracks the deep personal 20-year evolution of Thomas OBriens soulful and influential Soho boutique. Veranda
