Jari Jetsonen, Sirkkaliisa Jetsonen : Alvar Aalto Houses before purchasing it in order to gage whether or not it would be worth my time, and all praised Alvar Aalto Houses:

During the course of a career spanning more than fifty years, Finnish architect and designer Alvar Aalto (1898-1976) designed nearly one hundred single-family houses. Aalto, also known for his furniture and glassware, worked in a distinctive style that blended modernism and traditional vernacular architecture. Now available in paperback, *Alvar Aalto Houses* presents twenty-six of Aalto's innovative residences-from small summer homes and postwar standardized housing to large housing complexes for industrial commissions-built between the 1920s and the 1960s.
