Kip Zonderkop : Kick-Ass Cannabis Veggies before purchasing it in order to gage whether or not it would be worth my time, and all praised Kick-Ass Cannabis Veggies:

0 of 0 people found the following review helpful. Tiny but helpful..By HannahThis is a super small book, but it you are a diy person you'll love this because its to the point and in a hand book format/size. Yay for compost tea recipie! I think this might be good for a new gardener or someone who wants to learn more about what's going on in the garden. If you need a text book type reference book this is not it, this would just be a good on hand one to have tho.0 of 0

people found the following review helpful. Great read for beginnerBy Big WheelIf you want the basics of organic gardening, this is an awesome book.It's worth it for the soil recipes alone.0 of 1 people found the following review helpful. I would not recommend this book and would return it if I couldBy karla achorpoorly written and did not contain much information. I would not recommend this book and would return it if I could. waste of time

Learning to garden in a natural, Earth-friendly way seems accessible to only the most experienced of gardeners. But Kip Zonderkop brings organic gardening within anyone's reach in *Kick-Ass Cannabis Veggies*. Equal parts how-to and how-come, this book outlines an easy-to-follow 8-step process that anybody can use to cultivate killer cannabis and veggies, and also explains the soil science and permaculture principles behind the 8 steps. These tricks, hacks, and techniques give the home gardener the necessary foundation for a thriving indoor or outdoor garden. Jam-packed with helpful tips, links, and fantastic resources, *Kick-Ass Cannabis Veggies* is the perfect launch pad for newbie organic pot gardeners who aren't afraid of getting their hands dirty. And for those who aren't big DIYers, Kip provides lots of short-cuts along the way too.
