Willow Creek Press : Lakelife before purchasing it in order to gage whether or not it would be worth my time, and all praised Lakelife:

From beyond the tension zone comes this cheerful word and photographic tribute to the simple pleasures and hearty indulgences traditionally enjoyed along summer lake shores. Picture a montage of sun, fun, flip-flops, and wet swimsuits yielding to evening campfires, starlight serenity, s'mores and, on a good night, lightning bugs. This colorful and charming book transports readers from the workaday world to a joyously low-key but transformative lakeside destination that enriches lives and soothes souls.

About the AuthorOur location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of Just Labs, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 500,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country.
