Finding a TreasureBy LaJuana PalkI was very happy to find a copy of this remarkable decorating book of Laura Ashley's home interior designs. The book was in very good condition.

Laura Ashley's pretty range of coordinating fabrics, wallpapers and other home furnishing materials offers enormous scope for the prospective home decorator and this book aims to bridge the gap between shop shelf and finished, decorated room. In the first part, Planning Your Home you will find over 200 color photographs and masses of ideas for how to decorate and furnish every room in your home, as well as advice on how to develop you own style. The second part of the book, Decorating and Soft Furnishings, describes how to decorate, make or sew everything you have seen in the first part. Simple instructions and over 300 step-by-step illustrations. 160 pages. Hardback 9" x 11" published by Harmony Books in 1982
