Andreas Schulz : Licht Kunst Licht 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Licht Kunst Licht 1:

The first international monograph on this highly successful and innovative lighting design office Filling architecture with light, setting buildings in scene, generating spatial atmosphere: with undogmatic and flexible solutions the lighting design office Licht Kunst Licht in Berlin, founded by Andreas Schulz in 1992, develops lighting scenographies for museums, administrative and public buildings and private residences. This monograph presents recent major projects like the Bundeskanzleramt or the Marriott-Hotel in Berlin. Despite the large variety of design

tasks the interdisciplinary team of lighting designers, architects, designers and electrical engineers remain consistent in their concept and approach: the complex interaction of lighting effects, rather than the formal celebration of a luminaire object, is at the center of all planning considerations.
