**Ulrike Brandi : Lighting Design (Detail Practice)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lighting Design (Detail Practice):

0 of 0 people found the following review helpful. Four StarsBy SanaIts very good case studies , it helped with my natural light research

Assembled by experienced authors and experts from the worlds of practice and teaching, this volume provides an introduction to the most important aspects of natural and artificial lighting design. In addition to straightforward

planning rules it also introduces and explains current natural and artificial lighting systems.
