A FANTASTIC READ FOR THOSE WHO LOVE OLD HOMES By auntepitty "LOST MANSIONS OF MISSISSIPPI, VOLUME II" is a fantastic read for those who love the architecture of the Old South. For those of us who have already read Vol. I, this was a wonderful treat. Ms. Miller has done a lot of research and the photos are wonderful. Whether you have visited Natchez or were lucky enough to have lived there, this is a must-have book. We've heard stories of the grandeur of many of these homes, but were never able to see them until now. Congratulations on a job well done. auntepitty2 of 2 people found the following review helpful. Book of magnificent homes By elizabeth smeltzer wonderful book just to read but has so much information for those who are interested in the old, now gone, homes of the past. 1 of 1 people found the following review helpful.

Fascinating book By R. Evans It's sad what has happened to a lot of these homes. Time and Katrina took its toll on these plantations. As well as the Civil War of course. Glad I have this slice of history for my collection.

As preservationist Mary Carol Miller talked with Mississippians about her books on lost mansions and landmarks, enthusiasts brought her more stories of great architecture ravaged by time. The twenty-seven houses included in her new book are among the most memorable of Mississippi's vanished antebellum and Victorian mansions. The list ranges from the oldest house in the Natchez region, lost in a 1966 fire, to a Reconstruction-era home that found new life as a school for freed slaves. From two Gulf Coast landmarks both lost to Hurricane Katrina, to the mysteriously misplaced facades of Hernandos White House and Columbus Flynnwood, these homes mark high points in the broad sweep of Mississippi history and the state's architectural legacy. Miller tells the stories of these homes through accounts from the families who built and maintained them. These structures run the stylistic gamut from Greek revival to Second Empire, and their owners include everyone from Revolutionary-era soldiers to governors and scoundrels.
