**Kaoru Mende + LIGHTING PLANNERS ASSOCIATES : LPA 1990-2015 Tide of Architectural Lighting Design** before purchasing it in order to gauge whether or not it would be worth my time, and all praised LPA 1990-2015 Tide of Architectural Lighting Design:

This over 400-page volume puts together 100 projects LPA has created over its 25-year history, during which the lighting design has undergone a substantial change from innovations in technology and environmental consciousness. Large and beautiful photographs in this book reproduce their projects including residences, hotels, commercial buildings, public space projects and more.

About the Author Kaoru Mende is an internationally well-known lighting designer. He was born in Tokyo in 1950,

earned a bachelors and masters degree from Tokyo University of the Arts in the field of industrial and environmental design. In 1990, he founded Lighting Planners Associates Inc. The scope of his design and planning activities ranges widely from residential and architectural lighting design to urban and environmental lighting. He (co-)authored more than 10 books.
